

1. What is the name of the company to your south, the sheet rock manufacturer? BPI Gypsum Inc.
2. Do we have security that checks on the plant when it is not running? i.e. on nights and weekends? No we have security alarm. Security service monitors, and has a list of employees. If no one on list is available, they will dispatch security service. (We also have an alarm in our caustic retaining wall as part of this system.)
3. Are we running two 8 hour shifts, 5 days a week? Yes we are running two shifts, five days a week, however when we need to we work ten-hour days on each shift.
4. I need a list of chemicals stored on site, and a list of wastes produced by the plant, quantities and where they are sent (landfill, recycled, etc.).

Dave for chemicals stored on site see attached Excel spread sheet.

Wastes include:

Beckart Water Treatment Cakes

Corrugator starch sludge

Flexo ink sludge

All of these are sent to:

Columbia Ridge Landfill

18177 Cedar Springs Lane

Arlington, OR. 97812

Approximately 259 tons a year.

All other general garbage is picked up by:

Waste Management of Seattle

13225 NE 126<sup>th</sup> Place

Kirkland, WA. 98034

All used oil, including "pig mats", and oil filters are recycled with:
